

Sally Johnson's Bio

I have owned Wheaten Terriers for 9 years, joined SCWT Club of GB in 2015, with a break 5 years ago and then renewed in 2023 when got second Wheaten. I live in London.

I want to get more involved with the club. I run my own client facing business, (I'm a Garden Designer) and have good people skills. I am organised and have reasonable IT skills, (Microsoft office including word, powerpoint and excel). I complete my own accounts.

My employment prior to this required engaging with many people, (I was a Reinsurance Broker), presentation skills, both to individuals and public speaking.

I served as a director on the committee of the preschool of my youngest son's nursery for 3 years. My son is now 18. The nursery employs staff but is a not for profit charity run by a voluntary committee. I was a Company Secretary for the first year and then Chair of the Committee for the following 2 years. We employed 20 members of staff across 3 settings and had over 90 children enrolled. Roles included the submission of accounts to the Charities Commission and Companies House, minute taking at Committee Meeting, sending out invites to monthly committee meetings and the AGM. Worked with the preschool manager and committee to set fees, budget manage, manage all HR issues, expansion and refurbishment of one of the nurseries settings, negotiating the extension of the lease at the same setting, applying for funding and dealing with parent issues including any complaints.
