

Paul Marshall's Bio

I was appointed as the Treasurer of the Soft Coated Wheaten Terrier Club of GB at the April 2022 AGM.

I am a Chartered Accountant and spent the majority of my career in financial services helping large banks and insurance companies to operate effective systems of internal control to mitigate the major risks that they face.

I retired briefly at the end of June 2022, went back to work from January to August 2023, and then re-retired in September 2023.

When we lived in Abu Dhabi, I was Treasurer of the British Community Entertainment Group which organised events for the British expat community, raising funds for a variety of different UK based charities.

We got our very first dog in mid-2016 and Fudge is now 8 years old. We have been members of the SCWT Club from the moment Fudge joined our family.
